ALSO PRESENT: Town Clerk Christina Kerlin
6 residents

1. Review updates with Frank Hrycik's Special Use Permit application

Supervisor DePasquale stated that there were some concerns from property owners within the 500 feet of Frank Hrycik's property. A letter was submitted from Benjamin Hrycik which is on file and the Department of Transportation was contacted also on junkyards and the selling of vehicles. The DOT stated that you can sell up to 5 vehicles per year without a license and a dismantling license is not needed with a private collection. Adding Benjamin Hrycik to the SUP is allowable as long as the family still owns the property. There was discussion on the number of cars in a one acre area and whether to limit the amount of vehicles. The Town Board will review the limit of vehicles at the March Town Board workshop and a SUP with the amendments will be written up for review. Frank Hrycik requested a copy of the amendments for the SUP for review before the matter comes before the Town Board at the regular March meeting.

2. Website Updates

Supervisor DePasquale introduced Sean Kaiser from Aurora Consulting who updated the Town Board on website updates that are needed. Several patches are needed to update the website for security reasons and maintenance. The project to protect the website would be about 16 to 20 hours and a redesign of the website would be about 35 to 50 hours along with training. The cost would be \$850 to \$1,020 to protect the website and 3 hours of training at about \$250. A proposal was submitted for a redesign and patches to protect the website The Town Board will review and discuss at the next Town Board workshop.

3. Personnel Policy updates

Supervisor DePasquale stated that there will be some changes that need to be made to the personnel policy under the clothing allowance and hours worked the Town Board will review the policy and discuss the changes at the next Town Board workshop.

4. Set a date for development of 8820 State Road

A workshop will be held on March 3, 2016 at 6:30pm to discuss the development of 8820 State Road and the Personnel Policy.
